# CALIBRE / INDICATIONS

25G

13mm / 25 mm     $\emptyset$  Ext.: 0.50mm -  $\emptyset$  Int.: 0.40mm

*Equivalent to 23G*

IM, IV, intra-articular, Lænnec injection, PRP and other injectable substances.  
Highly viscoelastic hyaluronic acid-based fillers.

27G

13mm / 25 mm     $\emptyset$  Ext.: 0.40mm -  $\emptyset$  Int.: 0.30mm

*Equivalent to 25G*

IM, IV, intradermal: reticulated HA-based fillers, collagen, calcium hydroxyapatite, other injectable substances..  
Reticulated hyaluronic acid-based fillers.

30G

4mm / 8mm / 13mm     $\emptyset$  Ext.: 0.30mm -  $\emptyset$  Int.: 0.20mm

*Equivalent to 27G*

Local anesthesia, lightly reticulated hyaluronic acid-based fillers, lip filler, vitamins, amino acids,  
PRP, placental extracts, other injectable substances. Fillers.

33G

4mm / 8mm / 13mm     $\emptyset$  Ext.: 0.20mm -  $\emptyset$  Int.: 0.16mm

*Equivalent to 30G*

Vascular micro sclerosis, botulinum toxin, mesotherapy, other procedures.

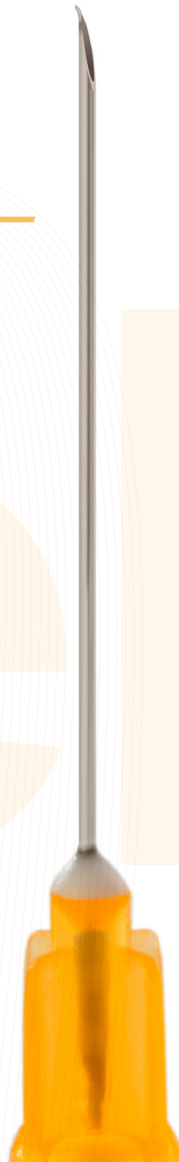

34G

4mm / 8mm     $\emptyset$  Ext.: 0.18mm -  $\emptyset$  Int.: 0.10mm

*Equivalent to 33G*

Nappage mesotherapy, botulinum toxin, local anesthesia.

## TECHNOLOGY

Advanced patent  
Ultimate procedures

## PAINLESS

Lower risk of hematoma  
Minimal skin trauma

## SATISFACTION

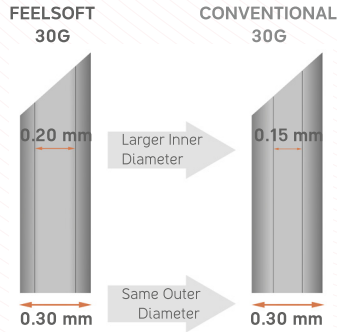

Improved patient experience  
Satisfaction guaranteed

100 units per box  
CE 40065/101/1/2012/CE

Nanotechnology at the service of aesthetic medicine: what is revolutionary about this **new concept** is the combination of technology and craft. The NANO CONCEPT minimizes the inner wall thickness, thereby creating an ultra-thin needle that offers significant **benefits to both doctor and patient.**

Reducing trauma is the treatment goal,  
and MICRO MESO offers a minimally invasive solution:  
the NANO CONCEPT

Lesser surface

Lesser hematoma

Higher satisfaction

1. **OPTIMAL REDUCTION OF TISSUE INVASION**
2. **SUITABLE FOR THE INJECTION OF HIGHLY VISCOUS SUBSTANCES, WITH ULTRATHIN CALIBRE**
3. **LESSER DISPERSION OF BOTULINUM TOXIN**
4. **MINIMALLY INVASIVE TREATMENT**

## WHAT DEFINE US

- + Thousands of clinical cases and evaluations
- + International awards
- + Strong presence at congresses
- + Continuing medical education
- + International workshops
- + Techno surveillance system
- + Certified Board
